Glades Market Continues 1500-Head Weekly Sales Despite Unseasonable Rain

Wednesday's Market Can Equal Monday's With Existing Facilities

The Monday sale of 1174 head of cattle with the 341 on Wednesday brings the week's total to 1521 and the local market retains its place at the head of cattle with the 341 on markets in number of animals handled.

The type of cattle which result from the continued excessive rains of the spring do not increase the general average of the prices, though the better type of slaughter animals are about on a par with other cattle areas.

The management announces that the market is tuned up to handle 1500 head of cattle any one day, and it would aid the operation if Wednesday's and Monday's could be more nearly equal in number.

Sale of Monday, June 28, 1954
1174 Cattle — \$49,564.96
68 hifers, 543 steers, 273 calves, 271 cows, 13 yearlings and 6 bulls.

Doll Show Draws Many Entries

There is activity galore in the Municipal Park these days, with a total of 291 children registered in the Summer Recreation program sponsored by the Palm Beach County Board of Instruction and the City of Belle Glade.

The personnel for the program are being paid by the Board of Instruction and the City cooperates by furnishing the money for materials used.

An advance program of activities are being planned consistently by the recreational director in an effort to keep up children's interest and promote wholesome and worthwhile interests at the same time.

The special event sponsored this week was the doll show in which 47 girls and boys participated.

The local golf course is in tip

top shape now after all the rain which slowed down golf play for a while. Joe, our pro, says the greens and fairways are in good condition for play and that a large number of golfers from Palm Beach are coming up on their golf technique.

Of course the ladies complain about the heat in the late afternoon, but a breeze and nine holes can easily be played.

How many of the golfers remember the old time "get togethers" and pot luck supper at the club? It has been suggested that all the golfers that would like to have a pot luck dinner after playing golf on Sunday, let us hear from you. How about it? Potluck and local golfers?

NEWS OF GLADES BOYS AND GIRLS IN THE SERVICE

Cadet Ross W. Winne, Jr., son of Mr. and Mrs. Ross W. Winne, of Chokoloe, Fla., and Cadet D. Stevens, son of Mrs. F. D. Stevens, Sr., 80 East Palm Beach Rd., Belle Glade, both students at University of Florida have arrived at Fort Benning, Ga. to attend a 1954 General Military School Reserve Officers Training Corps Summer Camp.

The six-week summer camp at Fort Benning is designed to give practical application to theories taught by ROTC instructors at college-level educational institutions. Particular emphasis will be placed on the development of leadership and the cadet's ability to function as a unit leader in small unit operations, as may be required of any officer regardless of his branch of the US Army.

The more than 1400 cadets represent 37 colleges and universities of the Third and Fourth Army areas. Each cadet is striving for a commission in the US Army. Those cadets who have satisfactorily completed four years of college may be commissioned at the end of the camp, the remainder when they have completed their four years of college.

Dear Luther:

I want to thank you again for the Herald. I cannot say in words just what it means to a guy away from home or in the service. To keep up on the news and all the social happenings is a great boost for your moral.

As you know that is a must in a soldier's life and even though letters from your parents give you the happenings in your home, there are many things that a mother or father will overlook.

Things haven't changed much since I last wrote to you outside of the seasons of the year, but that is to be expected in the army. I've done some traveling

Glades Guard Unit To Leave For Camp

Monday night ended preparation for camp by Company "F" of the Glades Guard unit located in Belle Glade. 1 officer and 45 enlisted men will leave July 4th to attend two weeks of intensive field training at Ft. McClellan, Alabama. The unit at this time has more qualified crew served weapons personnel than any other unit in the county.

The first week of camp will be utilized primarily for the benefit of all new men that have joined the units of the National Guard since last year's encampment. The second week of training will be in the field for the purpose of training small units how to perform effectively as a team.

The main body of the company will leave Belle Glade on the 4th of July by bus and travel to West Palm Beach, where they will then board the train for the trip out to the camp. The unit will return by the same means and will arrive at Belle Glade on July 17 about 9 a.m. At that time all equipment used by the men will be turned in before the men are dismissed. This will enable the men to cut down on the time consumed on drill nights following camp.

Relief For Water Troubles Proposed To County Comm.

Commissioner Foster, from the northern part of the County proposed to the County Commission Monday action to relieve the high water in his part of the County by urging early construction of works proposed by engineers — Canal 17 of the Flood Control Program.

Earlier another Commissioner had proposed that the area particularly affected look into the possibilities of self-help. Previous meetings of the (Continued on Page Four)

B. G. City Water Over 99% Pure Despite Color

Guests at the regular Jaycee dinner meeting on Thursday, Mr. Thorpe explained that the water department and the officials responsible for its maintenance.

When questioned about the present color of the city water, Mr. Thorpe explained that this was due to the fact that when the rainfall is heavy, water drains from the nearby fields into the rim canal around Lake Okechobee, from which comes our water. Even though this present color gives the reputation for having the third worst water in the United States, it is 99.2% pure and will return to its natural color when the rainfall slackens. This appearance of heavy coloring, (Continued on Page Six)

The judges' official statement of the vote count follows:

ADVERTISING SIGNS HAVE BEEN ERECTED

Two signs advertising Belle Glade and the agricultural area and fishing on Lake Okechobee were erected June 30 by Edward Bush Advertising Co., at Twenty-Mile Bridge on U.S. 441 and also at St. Lucie Canal outgo to East Coast, according to Mrs. Edwin Young, Sec. Chamber of Commerce.

Additional signs will be erected July 3 and July 6. Welcoming signs are to be placed at points entering the city in about two weeks.

Florida's gasoline tax, 33 years old this week, now produces 114 times as much revenue as it did the first year it was in effect, Glen P. Woodward, executive secretary of the Florida Petroleum Industries Committee, announced.

at a feed which will be resumed at a later date. Receiving trophies at that time will be the sponsor of the winning team; Charles Royal, pitcher with best record, Gary Perkins, best batting average of .533. All members of the winning Pioneer Growers will receive an honorary award.

An All-Star Team composed of four players from each team has been chosen to compete in a tournament in West Palm Beach. The local team will play at 7:30 p.m. on July 16 vs. the Lauderdale entry.

J. P. Jones will manage the team and will be assisted by Buddy Lutz.

Members will be Wayne Mock, Glen Hogue, Kenneth Sands, Morgan Tyson, Billy Jones, Charles Royal, Jimmy Webster, Richard Shackford, Howard Pugh, Derrell Mathis, Beebe Bradstock, John J. Thomas, Gary Perkins, Keith Kirchman, and Edward Humphries.

RELIEF FOR WATER

(Continued from Page One)

Commission had resulted in a general "back passing" and blaming of other circuits for the high water.

Our two Circuit Judges also headed a group appearing before the Commission asking for additional space, office and storage for the various county courts.

The suggestion was made that the tax levy be increased in order to care for the much needed space. One mill added to the capital improvement fund for three years, together with the amount already in the budget, would produce about \$1 million within three years.

TAKE BLUE ROADS TO AVOID HEAVY TRAFFIC

Glen P. Woodward, Jr. of the Florida Petroleum Industries Committee advises you to take a driving tip from smart motorists and use the "blue roads" shown on most maps for motor-ists.

Most folks think these routes are poor roads, but actually says Mr. Woodward, "they are well paved state highways that are usually just as good as the ones marked in red."

Also watch expert drivers and follow the example.

You can spot expert drivers by looking for five characteristics: (1) smooth driving, (2) perfect timing, (3) constant control, (4) good judgment and (5) respect for traffic laws.

CARS COLLIDE AT SHAWANO FARMS

Four persons involved injured Tuesday afternoon about 4:30 p.m. according to Patrolman J. P. Bertrand, when a car driven by Mrs. Margery Kruse failed to stop at right-of-way at Shawano Farms, and crashed head on into a car driven by Brandon Gibbs, employee of Allagany Asphalt Co., who was doing construction work at the farm.

Gibbs had possible chest injuries and Mrs. Kruse suffered lacerations of knee. Her son, Timothy 5, had lacerations of head and leg lacerations.

Mr. Kruse was charged with violation of right-of-way.

PUBLIC WELFARE ACTIVE THROUGHOUT PB COUNTY

Thomas E. Penick, Chairman of District Board No. 10 of the State Department of Public Welfare, reports that in Palm Beach County 3,046 persons were assisted in the three calendar months of May.

A total of 1,497 persons received Old Age Assistance to the amount of \$66,470.00. 77 persons received Aid to the Blind, totaling \$2,010.00. 378 families representing 1,163 children received Aid to Dependent Children in the amount of \$29,584.50.

In addition, 68 children received care during the month, 37 or more were in foster homes.

The total cost for these child welfare services was \$1,914.04. There were 8 adoption petitions studied for the Circuit Court. These are children placed in homes independent of services through a licensed child placement agency and the Welfare Board is responsible according to law to make these reports to the Court.

The other Palm Beach County Board members are: Mrs. Helen R. Tedder, West Palm Beach, Mrs. Grady H. Brantley, Lake Worth, J. B. Evans, Del Rio Beach and Mrs. Doris Sasser, Pahokee.

DAISY M. MURRELL ATTENDS NATIONAL MEETING OF PTA

The Annual Convention of the National Congress of Colored Parents and Teachers, held its 28th Session at Langston University, Langston, Oklahoma, June 22-24, 1954.

On Sunday evening a dinner meeting at the school dining room honoring the State Presidents and Life Members was held. Mrs. Odessa McKinney, National Vice President—Missure of Ceremonies.

Welcome remarks—Dr. G. L. Harrison, President Langston University.

His Excellency, the Honorable Johnston Murray, Governor of the State of Oklahoma was guest speaker. The Governor stressed the importance of all people discussing together the current problems of today.

Welcome remarks—Dr. Windham, President Oklahoma State College.

Life Membership Pins were presented by the National President, Mrs. Charles L. Williams, to nine persons who have rendered outstanding service in Parent-Teacher work in the past year. States honored were Arkansas, Kansas, Kentucky, Virginia, Maryland, North Carolina, and Oklahoma.

On Monday morning June 21 the Convention was officially opened by the National President, Mrs. Charles L. Williams. Responsibility Theme, "New Responsibilities For A Changing Society". Highlights of the convention were—excerpts from addresses from outstanding speakers, such as, the National President, Mrs. Williams, who stressed the need of creating an atmosphere in the home and school where people can think reflectively, become willing to accept constructive criticism, speak up when justice is not given, initiating desirable ac-

tivities in Communities and participating in Inter-group Activities.

Mrs. Ruth Caston Mueller, Asst. Republican National Committee, pointed out four vital points—1. Know Thyself. 2. Work on our minds and spirit to overcome our limitations. 3. Be capable of self criticism, be sympathetic and be able to participate. 4. Lift our sights, it is time for integration.

Dr. G. L. Harrison, President Langston University, stated that in the process of integration, Parent-Teacher Associations might take the following steps—1. Invite people of other races to attend our social meetings. 2. Let the people become acquainted with us. 3. Demonstrate through our living that we have respect for ourselves.

A Youth Panel was presented entitled, "The Challenge of Our Times". Their presentation was dramatic and summative that Faith in God creates love, whereby the problems of Youth, War and World can be solved.

A clinic session was informative, the study and discussion—1. Cooperation with All Health Agencies. 2. Raising the Standards of Home Life. 3. Providing leisure time activities.

What's a **HILL** to POWER like this?

You've climbed hills before. You know: You've come to many a long rise in the road ahead and tramped down on the gas pedal to make the grade. But did you ever head a ROADMASTER up a hill—a 1954 ROADMASTER?

You seem to sail when you touch off the great V8 power that gives life to this finest of Buicks.

You move ahead and up that long steep

pull in a silken, smooth sweep of almost effortless ease—and the thrill your spirits get from such magnificent ability is a precious thing.

And you realize, of course, that a wealth of advanced high-compression V8 power—the (higher horsepower in all Buick history, in fact)—is the heart of this stirring performance.

But you also realize soon enough that your tremendous satisfaction at the wheel of a ROADMASTER comes from more than great power alone.

It comes from the instant response and absolute smoothness of Twin-Turbine Dynaflow.

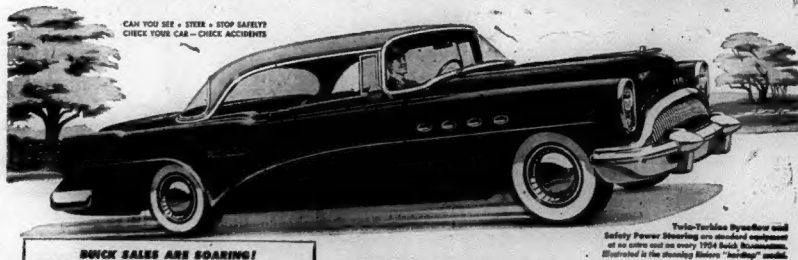

It comes from the velvety luxury of your all-coil-spring ride. It comes from the

superb ease of Safety Power Steering. It comes from the comforting feel of ample roadweight—brought to feather-light handling precision by a new geometry in front-end engineering.

And very definitely, it comes from the eye-catching beauty in which you travel—the look-of-tomorrow styling that graces ROADMASTER today—and with the spectacular new panoramic windshield that is fast becoming the mark of true automobile modernity.

We'll be delighted to see you at the wheel of a new ROADMASTER—so that you can drive it, try it, feel it.

It costs you nothing to do so—and it can open your eyes to the finest buy in fine cars today. Drop in, or call us this week.

NEW BURDINE'S TO OPEN IN JULY

During the latter part of July, Burdine's will open its newest store — the largest, most complete department store in the history of the Palm Beaches, and one of the most modern retail stores in the State of Florida. This marks the establishment of the fourth of the Burdine's stores, all of which stress

the Florida mode of living. Since 1898 when the first Burdine's store was founded by William M. Burdine in Bartow, Florida, there has been an ever-increasing demand for Burdine's stores to serve South Florida.

Interior decoration in muted tones of blue, rose, green and yellow set the keynote for SUNSHINE FASHIONS featured by Burdine's. The soft, pastel shades are combined with wal-

nut, oak and wormwood, to lend a quiet elegance to a structure designed to offer the maximum in shopper comfort and convenience.

Of much interest to customers who prefer to do their shopping under one roof is the fact that the new Burdine's will be a complete department store, with a total floor area over five times that of the present location.

Located on the first floor will be cosmetics, jewelry, handbags, neckwear, and a complete Women's Sportswear Department. The entire north section of the first floor is given over to the Men's Department, with the additional attraction of a "FOR MEN ONLY" GRILLE.

Wide, brightly-lighted escalators lead to the second floor. Here are located: Children's Wear, Lingerie, Budget and Better Ready-to-Wear, the Maternity Shop, a luxurious lounge, and the Beauty Salon, staffed with expertly trained stylists. The third floor is devoted to the Home Furnishings Division and here the Fabulous Tearoom is located with a seating capacity of 428 persons. Informal modeling will be featured during luncheon hours. The new third floor Home Furnishings Division comprises the following merchandise: Furniture, Draperies, Carpets, China, Silverware, Glassware, Housewares and an Interior Decorating Department.

A much-needed feature of today's department store operation — store drop parking by attendants — will be accommodated in excess of 200 cars — thereby eliminating the oft-present parking problem.

The absence of windows above street level — there is but one in the entire structure, located in the Tearoom — permits better lighting and is a boon to the air-cooling system. Color-corrected light, incandescent and fluorescent, reveal the merchandise in all its beauty and appeal. The important advantage of the new air-conditioning system is that it provides "Zone treatment" completely assuring air-conditioning comfort for customers in all parts of the store.

Added interior beauty is obtained from open, unobstructed space which aids the customer in the selection of merchandise and permits easy passage through the aisles.

Everything for the home, as well as for the family, may be found at the new Burdine's, West Palm Beach.

R. G. CITY WATER

(Continued from Page One) about the same time each year, he kept the water department from winning an award several times. The color could be re-

moved with chemicals, but the resulting water would be unfit for consumption. This problem has been tackled by nationally known chemists with no success. These chemists include Inflico Water Works Engineers of Chicago, Dr. A. P. Baker, consulting engineer, and Baker and Wooten water experts from Ohio.

There is a possibility that the water taste and color could be improved if the supply were pumped in from a point out in the lake, rather than from the canal. Cost for such an installation would be approximately \$300,000.00. The water department now has an outstanding bond of \$228,000.00 for such payments are \$180.00 per month. These monthly payments will have to be increased to meet the bond expiration in 1973. There is a surplus of \$42,000.00 on hand to handle maintenance and emergency.

Mr. Throupe hopes that when the surplus permits, a settling tank can be installed at a cost of approximately \$50,000.00. Due to these circumstances it looks as though the water will probably retain its color until the settling tank chemicals are developed that will be satisfactory.

Other than Superintendent Throupe, the water department has four operators and three distribution men. Two of the operators hold a class B rating and the other two are working for this rate. Constant check is made on the water condition through the facilities of a laboratory in the plant. A weekly report is made to the city manager and thirteen water samples are submitted to the State Health Department each month.

There are seventy-five miles of water mains within the city limits to be maintained as well as 27 electric motors from 1/22 horse power to 50 horse power. There is one diesel engine and six pumps with capacity ratings from 500 gallons per minute to 5000 gallons per minute.

The present cost of chemical per day is \$48.75 and the selling price of water is \$2.00 for the first 2500 gallons. Each additional 1000 gallons over minimum is 60c per thousand with a graduated scale down to 30c per 1000 gallons. The water department is making a profit, however it seems as though no large project can be started to better the water supply. The present indebtedness is liquidated, yet equipment and expanded mains are needed.

There is a problem that needs attention.

ST. JOHN'S APPOINTMENT BUILDING COMMITTEE

A Building Committee has been appointed to go ahead with the plan for the erection of the first unit of St. John's the Apostle Church on its newly acquired site at Ave. H and NW 22nd Street, Belle Glade. The members are G. R. Townsend, E. S. Roberts, G. E. Averill, E. M. Lively, Donald R. Parke, W. D. Matthews, A. L. Durranee, E. M. Ayers, Jr., Mrs. Thomas Bregger, and Mrs. Benjamin Weeks. The Committee met last week to look at the first rough architect drawing. It is planned to begin the plant with a fund-raising building capable of serving for Sunday School and social purposes as well as for church services. Dr. Durranee is chairman of Committee with the vicar, Father John Clarence Petrie, acting in an advisory capacity.

FREEDOM SUNDAY AT EPISCOPAL CHURCH

Next Sunday, July 4, will be observed as Freedom Sunday at St. John the Apostle Episcopal Church, Belle Glade. Ever since the inauguration of this nation wide observance Father Petrie, the vicar, has preached a Freedom Sunday sermon. Three times the sermon has won a national award, twice from Freedom Foundation, Valley Forge, Pa., and once from Spiritual Mobilization, Los Angeles. Father Petrie's topic next Sunday gets its name from the new addition to the Salute to the Flag, "Under God". The service of worship will be that of the Second Sunday after Donald R. Parke will read the service.

Mrs. Paul Kirchman Hostess To Ladies Aid

Mrs. Paul Kirchman was hostess to the Ladies Aid of St. Peter's Lutheran Church on Tuesday night at her home in Chosen. The group opened the meeting singing "Just I Am" and Mrs. Louis Kirchman giving the Bible study on the 17-18 chapters of Acts, the end of 2nd missionary of St. Paul.

Mrs. Arthur Redwans joined as a new member. At the conclusion of the meeting a white elephant sale was held.

Others present were Mrs. J. C. Allende, Mrs. Violet Green, Mrs. Dallas Neble, and Mrs. Bob Fields, Jr.

A Hymn Is Born
BY CLINT BONNER

The Star Spangled Banner

Arrest of drunken British soldiers led to writing of National Anthem

There were no typewriters in 1794. As the printer set each page of type by hand he started humming the melody of an old British drinking song. It was called "Anacreon in Heaven" and it seemed to him that it was fitting.

On the day before Baltimore's lawyer Francis Scott Key had gone out in Chesapeake Bay to the British ship "Majesty" with a letter to the British admiral asking the release of American citizens Dr. William Smith, the Maryland lawyer, and being detained for being instrumental in the arrest of a bunch of drunk English soldiers.

The British were about to bombard Baltimore. So they laid lawyer Key on the ground and he watched the British ships as they bombarded the city.

All night long Francis Scott Key watched what he saw, and by the dawn's early light, when the sun rose, he wrote the words of the hymn.

On the shore, daily saw the white of the ship. Where the flag brightly hoisted to drink of life. What is that which the breeze, over the turrets, blows? New is the scene of the morning's first dawn, to tell glory to the new dawn on the dawn.

'Tis the Star-Spangled Banner, ho, long may it wave O'er the land of the free, and the home of the brave.

FIRST BAPTIST CHURCH NEWS

Some forty young people spent an enjoyable hour at the church on Tuesday night after church. Bobby Kent had charge of the humorous program of "Truth or Consequences".

The correct answer is "Samson, he brought the house down". Most of the contestants had to suffer the consequences. You should have seen Margaret Parson searching the room blindfolded in an attempt to find and blow out a lighted candle. After a short devotional talk by Herb Gladden from Colombia, S. C., the group ate cookies and drank pink lemonade.

FLASH! The newly organized Cherub Choir had its first rehearsal Wednesday afternoon at 8:30. A good group of youngsters, age six to eight, met in the church with their "Choir Mothers".

The choir is another step in the direction of a complete grade choir program which will be organized this summer. A carol choir of junior age kids is the next step planned by Lamar Williams, summer worker in the church.

GORE! We miss twelve intermediates and young people who are attending the East Coast Baptist Assembly this week in Fort Pierce. They will experience ten days of valuable training in study courses, music and inspirational messages. Those attending this assembly are Sara Ann Norman, Susan and Molly Fovey, Mary Belle Schlechter, Elizabeth Barber, Eunice McAllister, Brenda Kesley, Sandra Gore, Jeannette Weddell, Francis Sloan and Leo James. Lila Humphries will be counselor for the group.

How Big Is My Church? Discussed By Juniors At First Baptist 38

The Sunday morning discussion on "How Big Is My Church?", concluded a series of programs this month on the church.

OUTLINE FOR THE INTERNATIONAL YOUTH SUNDAY SCHOOL LESSON — July 4, 1954

LESSON TOPIC — "Jesus, Our Example And Lord" **SCRIPTURE LESSON** — Luke 2:49-51 **By Rev. Robert Ford**

INTRODUCTION: The lessons for the next three months will deal with the theme "Growth in Christian Living". The presupposition of all these lessons is that Christians are expected to grow continually in Christian Faith, Character, and Life, and that there are means which God has provided for this growth.

Today's lesson challenges us to Christian growth by reminding us of the well-known development of Jesus, who is our Example and our Lord.

I. The Growth of Jesus
A. From Infancy to Age Twelve — Luke 2:49-51
B. From Age Twelve to Age Thirty — Luke 2:38-43
1. Wisdom
2. Stature
3. Favor with man
4. Favor with God

II. Christ Our Example and Lord Salvation is not by imitation of Christ but by trustful surrender to Him. Having Christ in this comes the imitation; John tells us "to walk even as He walked". Paul enjoins us to imitate him even as he imitated Christ.

CONCLUSION: To imitate Christ is impossible for the unregenerated man. First we must see in Christ a vision of what life ought to be; and the vision produces despair of self. Then we turn to Christ for cleansing and renewal. When we are in Christ and Christ is in us, there follows the Christian life.

It is good for us to think that no grace or blessing is truly ours until we are aware that God has blessed us through us.
